

CONTACT INFORMATION

Academic Title: Assistant Professor of Civil Engineering Department at Shahrood University of Technology

Address: CE 209, Department of Civil Engineering, Shahrood University of Technology, Shahrood, Iran

E-mail: *iman.aghayan@shahroodut.ac.ir*

EDUCATION

Doctor of Philosophy

Transportation Engineering (from the 1st semester 2009-10 to 2nd semester 2012-13)

Traffic Education and Research Center, Department of Civil Engineering, Eastern Mediterranean University, North Cyprus

(G.P.A: 4.0/4.0-Ranked as the TOP student)

Dissertation Topic: *Improved Traffic Crash Modeling through Accuracy and Response Time Using Classification Algorithms: A Modeling Comparison Approach*

Master of Science

Transportation Engineering (2006-2008)

Department of Civil Engineering, Khaje Nasir Toosi University of Technology, Tehran, Iran

(G.P.A:3.64/4.0-Ranked as the TOP student)

Bachelor of Science

Civil Engineering (2001-2005)

Department of Civil Engineering, Shahrood University of Technology, Shahrood, Iran

(G.P.A:3.1/4.0-Ranked among 10 TOP students)

High School Diploma

National Organization for Development of Exceptional Talents, Shahrood, Iran (G.P.A:3.6/4.0)

RESEARCH INTERESTS

- Traffic Accident Analysis, Intelligent Transportation Systems, Traffic Surveys and Simulation, Transport Planning and Traffic Forecasting, Transport Network Modeling and Reliability Analysis
- Pavement Design, Pavement Management System
- Railway Engineering, Airport Planning and Design
- Evolutionary Algorithms such as ANNs, GAs, SVM, Pattern Search, Fuzzy logic
- Finite Element Analysis, Progressive Collapse Analysis, Stochastic Optimization and Sensitivity Analysis Methods in Complex Structure such as Truss, Frame, Plate and Shell

JOURNAL PUBLICATIONS

5. Keyhani, A., Hadji Hosseinlou, M., **Aghayan, I.** (2008). "Application of Fuzzy System in Prediction of Traffic Accident Severity", The Conference of Transport Research Arena Europe, Ljubljana, 2008.

HONORS & AWARDS

- Distinguished Research Award, Shahrood University of Technology, 2017
- First Rank in Ph.D. program
- First Rank in M.Sc. program (1st among 12)
- First Rank in B.Sc. program (Second Semester 2004-2005)
- The cooperation with local authority for traffic control in the framework of TSIP (traffic safety improvement program) funded by the EU (Ph.D. program)

ACADEMIC EXPERIENCES

- Assistant Professor at Shahrood University of Technology (From 2013 to Present)
- Assistant Professor at Shahrood Islamic Azad University (Part Time-From 2013 to Present)
- Head of the Science Association of the Civil Engineering Department (From 2015 to Present)
- Research Assistant at Eastern Mediterranean University (From 2010 to 2013)
- Teaching Assistant for Transportation Engineering and Surveying Courses at Eastern Mediterranean University (From 2010 to 2013)
- Instructor for Static Course at Eastern Mediterranean University (From 2011 to 2012)
- Teaching Assistant for Structural Analysis Course at Shahrood University of Technology (From 2003 to 2005)

JOURNAL REVIEWER

- International Journal of Science and Engineering (Editorial Board)
- Journal of Civil Engineering and Urbanism (Editorial Board)
- Construction and Building Materials
- Sustainable Cities and Society
- PROMET- Traffic & Transportation
- Neural Computing and Applications
- Transportation Infrastructure Engineering
- International Journal of Transportation Engineering
- Journal of Intelligent Transportation and Urban Planning
- Desalination and Water Treatment
- Advances in Structural Engineering

COURSES TAUGHT

- Eastern Mediterranean University:

Undergraduate Courses

CIVL361-Transportation Engineering

CIVI261- Surveying

CIVL211-Statics

- Shahrood University of Technology:

Undergraduate Courses

Transportation Engineering

Railway Engineering

Airport Engineering

Road Construction Project

Statics

Strength of Materials

Graduate Courses

Advanced Traffic Engineering

Advanced Railway Engineering

Transportation Planning

Traffic Safety

Design and Analysis of Experiments

Ph.D. Courses

Advanced Transportation Planning

Highway Capacity Analysis

GRADUATE STUDENTS SUPERVISED (as Principal Supervisor)

1. *Evaluating the fracture resistance of core based asphalt samples using semi-circular bending test, (Hadi Saedi, February 2016)*
2. *Performance evaluation of signalized and unsignalized elliptical roundabouts: A comparison approach, (Hadi Hatami, February 2016)*

3. *Analysis of railway tunnel under seismic and soil pressure loading*, (Sina Pourzahedi, February 2016)
4. *Analysis of traffic accident injury severity using Bayesian networks: A comparison approach*, (Milad Tazik, February 2016)
5. *3D modelling of slab track to study track frequency response*, (Majid Gholizadeh, September 2016).
6. *An extended finite element analysis for delamination and crack propagation in composite structures*, (Hesam Nasaj, September 2016)
7. *A delay model for modern and turbo roundabouts* (Elham Razavian, September 2016)
8. *Finite element model for deflection of concrete pavement at touchdown point caused by an aircraft during landing*, (Amir Hossein Hosseini, September 2016)
9. *Experimental investigation of recycled cross-linked polyethylene used as aggregate in roller compacted concrete pavement mixture*, (Mohsen Shamsaei, January 2017)
10. *Identifying risk factors of injuries in pedestrian–vehicle crashes using clustering algorithms– Case study of Mashhad*, (Hassan Khodaparast, February 2017)
11. *Optimization of transit network design and frequencies setting using a metaheuristic approach*, (Mohsen Sadeghi, January 2018)
12. *Modeling dilemma zone at signalized roundabout* (Ahmad Najmi Oterabad, January 2018)
13. *Calculating the impact factor at rail welding joint* (Tavakoli, In progress)

GRADUATE STUDENTS SUPERVISED (as Co-Supervisor)

1. *Modelling mode choice behavior for motorcycle riders*, (Ali Shahikhaneh, September 2015)

INDUSTRIAL EXPERIENCES

- Research Project Coordinator at Civil Eng. Dept. of Shahrood University of Technology (From 2014 to present)
 - *Railway research projects with Railway Services and Technical Construction Engineering Co. (RSTC) - New methods for controlling subgrade settlement*
 - *Traffic safety research projects (Identifying hot spot location from shahrood to Kahak)*
- Spilat Contractor Company (From 2015 to Present)
- Shabdar Consulting Engineers (2006-2008)
 - *Determining the optimal location for bus stops (Head of the project)*

MEMBERSHIPS & ACTIVITIES

- Iranian Society of Transportation Engineers
- Iranian Association of Rail Transport Engineering
- American Society of Civil Engineers (ASCE)
- Institute of Transportation Engineers (ITE)
- Institute of Electrical and Electronics Engineers (IEEE)
- EMU, Alumni Association, Cyprus, 2012

COMPUTER SKILLS

- Traffic Software: AIMSUN, Synchro, HCS, CORSIM, ADAMS/rail, TransCAD and EMME/2 (Beginner)
- Statistical & Computing Softwares: MATLAB, ABAQUS, C++, ArcGIS, Python, SAP, ETABS, AutoCAD
